A RECAP OF THE CLUB'S ONGOING COVID-SAFE PRACTICES

EVERY time you enter the clubroom, and before you touch any object or surface in the clubroom, please use the hand sanitiser provided to sanitise your hands.

Make sure your name is on the SIGN IN LIST list each time you come to the Club.

Only people with sanitised hands should enter the kitchen area and even then, there is to be only one person at a time in that area.

At the end of the day's play, the people playing on each rink are responsible for disinfecting the jack and mats that they used. In each of bowls cupboards on each Green there are disinfectant wipes for wiping the jack and a bottle of liquid disinfectant for spraying the mats, plus bottles of hand sanitiser. Used disinfectant wipes should be placed in the appropriately labelled bin on each Green.

Enjoy your bowling during the winter season!
